SPECIAL CONDITIONS OF SUPERVISION

The defendant shall undergo a sex-offense-specific evaluation and participate in an outpatient sex offender treatment and/or outpatient mental health treatment program approved by the U.S. Probation Office. The defendant shall abide by all rules, requirements, and conditions of the sex offender treatment program(s), including submission to polygraph testing and refraining from accessing websites, chatrooms, instant messaging, or social networking sites to the extent that the sex offender treatment and/or mental health treatment program determines that such access would be detrimental to your ongoing treatment. He will not view, access, possess, and/or download any pornography involving adults unless approved by the sex-offender specific treatment provider. He must waive his right of confidentiality in any records for mental health assessment and treatment imposed as a consequence of this judgment to allow the U.S. Probation Office to review the course of treatment and progress with the treatment provider. He must contribute to the cost of services rendered based on his ability to pay and the availability of third-party payments. The Court authorizes the release of available psychological and psychiatric evaluations and reports, including the presentence investigation report, to the sex offender treatment provider and/or mental health treatment provider.

The defendant must not have deliberate contact with any child under 18 years of age, unless approved by the U.S. Probation Office. He must not loiter within 100 feet of places regularly frequented by children under the age of 18, such as schoolyards, playgrounds, and arcades. The defendant must not view and/or access any web profile of users under the age of 18. This includes, but is not limited to, social networking websites, community portals, chat rooms or other online environment(audio/visual/messaging), etc. which allows for real time interaction with other users, without prior approval from his probation officer.

The defendant will not access any websites, chatrooms, instant messaging, or social networking sites where his criminal history-including this conviction-would render such access in violation of the terms of service of that website, chatroom, instant messaging, or social networking site.

The defendant is restricted from viewing, accessing, possessing, and/or downloading any sexually explicit material involving minors, including those created via the method of morphing or other image creation format. He will not view or possess any "visual depiction" (as defined in 18 USC 2256), including any photograph, film, video, picture, or computer-generated image or picture, whether made or produced by electronic, mechanical, or other means, of "sexually explicit conduct" by a minor under the age of 18.

The defendant will inform the U.S. Probation Office prior to accessing any websites within the following categories (Chat and Social Networks; Dating and Personals; Download Media; Downloads; Free Hosting; Hacking and Ware; Illegal Activities; Kids and Teens; Lingerie; Park Domains; Sex Education) for the first time and will not access any such websites until such access is approved by the U.S. Probation Office. The U.S. Probation Office must approve within three business days any such access unless the volume of that request makes that impractical, in which case probation may seek the court's approval for more time.

The defendant shall permit the U.S. Probation Office to install any application or software that allows it to survey and/or monitor all activity on any computer(s), automated service(s), or connected devices that he will use during the term of supervision and that can access the Internet (collectively, the "Devices"), and the U.S. Probation Office is authorized to install such applications or software. Tampering with or circumventing the U.S. Probation Office's monitoring capabilities is prohibited. To ensure compliance with the computer monitoring condition, the defendant must allow the probation officer to conduct initial and periodic unannounced examinations of any Device(s) that are subject to monitoring. He must notify any other people who use the Device(s) that it is subject to examination pursuant to this condition. He must provide the U.S. Probation Office advance notification of planned use of any Device(s), and he will not use any Device(s) without approval until compatibility (i.e., software, operating system, email, web-browser) is determined and installation is completed. Applications for his Device(s) shall be approved by the U.S. Probation Office once the Probation Office ensures compatibility with the surveillance/monitoring application or software. Websites, chat rooms, messaging, and social networking sites shall be accessed via the Device(s) web browser unless otherwise authorized. The defendant will not create or access any internet service provider account or other online service using someone else's account, name, designation or alias. He will not utilize any peer-to-peer and/or file sharing applications without the prior approval of his probation officer. The use of any Device(s) in the course of employment will be subject to monitoring or restriction as permitted by the employer.

Any search shall be conducted at a reasonable time and in a reasonable manner.

If the probation officer determines, based on his criminal record, personal history or characteristics, that the defendant poses a risk to another person (including an organization), the probation officer, with the prior approval of the Court, and with notice to defendant's counsel and an opportunity for defendant's counsel to be heard, may require him to notify the person about the risk and he must comply with that instruction.
